## **Can a Community enact local ordinances to allow open burning?**

Local ordinances cannot be less strict than state law. They can be more strict, however.

## **What will happen to me if I'm caught illegally open burning?**

Ohio EPA, Local Air Agencies, and local Health Departments have legal authority to enforce the open burning laws. Violations can result in substantial penalties. If you have any questions, or would like to report a suspected open burning incident, contact your Ohio EPA district office or your local air pollution control agency.

The Regional Air Pollution Control Agency (RAPCA) is the designated Ohio EPA representative for Clark, Darke, Greene, Miami, Montgomery and Preble counties.

\*\* RAPCA issues open burning permission to residents of the above counties at no charge. RAPCA recommends that anyone open burning for waste disposal first obtain permission.\*\*
